第二节 读后续写 (满分 25 分)

Led to the room, Danieu didn't know what awaited him. Approaching the doorway, he could hear the music playing pretty softly and someone giggling. As Danieu entered the room, the sight that met his eyes brought tears of joy streaming down his face. There, in the middle of the room, was his beloved daughter, Mara, dressed in her finest. She rushed into her father's arms, and they began to dance, twirling around, lost in a world of their own. The nurses watched from the sidelines. Their hearts warmed by the emotional reunion they had arranged.

That special dance brought great strength and hope to Danieu. He felt a renewed sense of purpose and determination. At that moment, all his worries and fears melted away, replaced by a deep sense of gratitude and joy. And the most lucky thing for him was that a suitable heart had been found. As Danieu slowly regained consciousness in the recovery room, tears of

gratitude welled up in his eyes as he thought back to that magical dance. He knew that without the support and care of the hospital staff, he might not have made it to this moment of hope and healing.
